DEDICATION

We dedicate the 1951 COYOTE to the principle of free public school education as the greatest bulwark against the foreign ideologies and isms which threaten the American concept of democracy. We re-affirm our belief in the right of every child to an education which will awaken his potential talents and abilities.

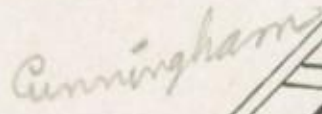

As the butterfly breaks from its warm cocoon and spreads its wings in upward flight, so does education open windows of light in the minds of men. May the shafts of knowledge break through the chrysalis of ignorance and free the spirits of those who are destined to lead our nation.

Afton -

SUPERINTENDENT OF SCHOOLS

A. W. MORGAN

Your education is never completed. Only when you have become economically self-sufficient is the first step reached. It is regrettable that in a wealthy republic such as ours the citizens do not yet see fit to take all their young people at least to the end of the first round. Some day when they cast aside old educational traditions, perhaps they will. Until then, best of luck to you all.—A. W. MORGAN.

When a carpenter builds a house, he does not do it in a hit or miss fashion. He makes a blue print, or a plan, and from this he builds strong and sure.

Each person spends a lifetime building the sort of person he finally becomes. To be successful each must, like the carpenter, have a blue print which will guide him in building the qualities of character that will make him honored and respected among people everywhere.

Socrates said, "The only thing you have left when you die is that which you gave away while you lived."

Students, as you prepare for life, develop the right attitudes toward people and directive institutions. Secondly, develop skills that will help you earn a living, and other skills that will help you in the field of recreation.

Lastly, develop wisdom and understanding. Too many people have impulses that are without rhyme or reason.

Therefore, develop enough control that your impulses and desires can be directed into constructive channels.

When you leave, will mankind have been made better?

It is my sincere wish that all of you may look back on this school year as a pleasant one and an important one. Remember that knowledge can never be taken from you. The jewels of a rich mind are yours to cherish always. Education is a companion which no misfortune can decrease, no crime destroy, no enemy alienate, no despotism enslave; at home a friend, abroad an introduction, in solitude a solace, in society an ornament. So continue your education on through life for knowledge is a constant source of security, satisfaction, and happiness.

Happiness is that indefinable state which we are all seeking. An old-fashioned recipe for happiness is as follows:

- (1) Look at something beautiful each day.
- (2) Learn something you always want to remember.
- (3) Do something for somebody else to make that somebody happy.

Old-fashioned? It will still pay dividends in happiness today.

CLASS OF '52

<i>President</i>	Clark Whitehead

<i>Secretary</i>	Larry Church

"One more year to go." That is what the class of '52 is saying as they conclude two very successful years . . . The first occasion we had to show our merits was as sophomores when we took first place in the annual stunt assembly. As ,juniors, we claimed athletic achievement by outstanding players on the basketball and football squads. The Junior Class play, "Thanks Honey," was a great success that assured our reputation as actors. The Junior Prom was a beautiful and fitting tribute to the seniors whom we honored . . . We are proud of our past record, and with much anticipation await the coming year.

CLASS OF '53

<i>President</i>	Pat Daly
<i>Vice-President</i>	Jo King
<i>Secretary</i>	Joan Pettygrove
<i>Advisors</i>	Miss Elfriede Reinsdorf, Mr. James D. Swisher

Filled with work, play, and the joy of growing up, our sophomore year will be hard to equal in our remaining high school days. It is difficult to put into words the actual good which was gained from our first year in high school, but it may be remembered as the time we first began to appreciate the full value of a good education . . . It took some of us longer to make the adjustment to high school, but soon everybody was going full stride. All seemed willing to help in any way that would benefit the class. This valuable asset enabled us to enjoy all the activities offered to an up-and-coming class . . . As we look through the eyes of the future, some of us have become farmers, nurses, doctors, lawyers, engineers, storekeepers, and housewives. Whatever we may be doing or wherever we may be, the days spent in Twin High with the class of "53" will not be forgotten.

GIRLS' LEAGUE

OFFICERS: President—Joan Fisher; Secretary—Patty O'Halloran;
Treasurer—Afton Dean; Advisor—Rose Murray North.

"Ahoy! Twin Hi Showboat, Set Sail! Destination, Port Achievement and Success!" That cry was heard as Girls' League launched its twelfth year. Every girl in T.F.H.S. automatically belongs to Girls' League and is urged to contribute her own individual ideas and personality toward the building of better opportunities and experiences for girls.

Our first big project this year was the all-girl rally in the park which launched our big-little sister movement. The purpose of the rally is to build friendships and a feeling of belonging. Of course, we can't forget the senior girls' sleeper in the gym. There were loads of fun and food; the only thing we lacked was "sleep". In November we held the annual All Girls' Mixer with a "Mardi Gras" theme. All the girls came in costumes and masks. Noisemakers, confetti and serpentine provided fun for every one.

In February the Girls' League put on the annual Sweetheart Ball. The theme this year was "Stairway to the Stars." By popular vote Rosalind Luke was chosen queen; Edith Gillespie, senior princess; Carole Greene, junior princess; Ruthe Bankhead, sophomore princess. The senior girls are to be commended on the beautiful decorations.

We have had some splendid unit and league meetings this year. In our unit meetings we are concerned with personal problems. Through the three years in high school we try to cover: orientation to high school, character and personality development, and preparation for the future, whether it includes college or a career. In our league meetings we are concerned with "a girl's place in the world". In all our endeavors we try to give the girls a vision of how they can make of themselves fine and worthy women—women worthy of America.

BOYS' CLUB

OFFICERS: President—Bob Mingo; Vice-President—Bob Greene; Secretary-Treasurer—Bill Morgan; Advisor—Mr. Kenneth E. Kail

Under the direction of the officers and members many interesting and educational programs have been presented. This year more boys have taken part in the programs than in former years. The discovery of hidden talent has benefited both the organization and the individual.

During the past year the Boys' Club has accomplished worthwhile projects. Fifty dollars worth of film strip was purchased for the high school film library. The safety patrol of the senior unit may have prevented a serious accident or saved a life. The junior unit worked to prevent students from cutting across the lawn. The sophomore unit was assigned the job of cleaning papers and other unsightly material off the campus.

The traditional Holly Ball opened the holiday season. In cooperation with the P.T.A. the Boys' Club helped to put on the Alumni Ball. Both were successful social functions.

Our school was well represented at Boys' State last summer and John Merrill went to Boys' Nation.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America Club was organized in Twin Falls High School on November 28, 1949. The club was named the Anna H. Hayes Club in honor of Mrs. Hayes of Twin Falls, president of the National Congress of Parents and Teachers.

The purpose of the club is to make available to members facts and advice which will help them to become better teachers in their chosen fields.

The club meets on the first and third Thursdays of each month with alternate noon and evening meetings. Sixteen new members were initiated this year. The club has undertaken and completed successfully several worthwhile projects.

The F.T.A. Clubs in high schools all over the United States are sponsored by the National Education Association.

Changes were also made in the manner of reporting, advertising, editing and make-up. Also this year instead of sending two delegates to Chicago to the Chicago Press Conference for journalism, four delegates were sent to the All-Coast Press Clinic at Seattle. They were accompanied by L. J. Schroyer, staff advisor.

STUDENTS—Twin Falls High
Twin Falls, Idaho
Hello Students:

Twin High's Fourth Estate Chapter of Quill & Scroll initiated this year the largest number of journalists in the history of the school. The total membership of twenty-five were "pinned" at two initiations—one each semester.

Besides sponsoring the first after game dance, our chapter published the second issue of "Twin Hi-gest," all-school magazine, which is a yearly project. The magazine contained literary articles by students, special recognitions and highlights of the school year.

This journalism club helped produce the Talent Show in addition to sponsoring some of the delegates to the All-Coast Press Clinic in Seattle.

Qualifications for Quill & Scroll are: (1) junior or senior standing, (2) 100 published inches in the Bruin or local newspapers, and (3) scholastic standing in the upper third of their class.

Sincerely yours,

BERTINE LANGDON

FUTURE HOMEMAKERS OF AMERICA

The F.H.A., under the capable direction of Mrs. Cecil Smith, has enjoyed an active and profitable year . . . One of the most important projects has been working for the four Degrees of Achievement. Many of the girls have earned the first one which is the Junior Degree. The other degrees in the order of which they are earned are: Chapter, State, and National. The degrees help the girls to learn responsibilities, to achieve personal growth and development, and to participate in wholesome recreational activities.

The chapter sent delegates to the district convention which was held in Jerome this year. Our state convention was held in Boise, April 12-14. Delegates attending were Alice Rhoades, Loraine Wilson, and Jackie Peck. The annual Harvest Ball and the swimmer were held in conjunction with the FFA chapter. Other social activities included a hobo party, a Christmas party, and a skating party.

The service projects of FHA included serving at teas, banquets, and faculty meetings; sending boxes of food and material to our adopted school in Germany; and at Christmas time the giving of food and clothing to two needy families in Twin Falls. Money making projects were the sale of hot chocolate and hot dogs at the football games and hot dogs at the basketball games.

Back Row: Irma Jean Cowham, Joan Young, Jackie Peck, Norma Rees, Nancy Latham, Barbara Wilson. Front Row: Alice Rhodes, Catherine Murphy, Terry Hinkley, Carole Hutchison, Mrs. Cecil Smith.

SKI CLUB

The Ski Club was organized to instill interest in skiing and to create opportunities in this sport. If you have ever skied or watched anyone ski, you probably realize that skiing is one of the best all around sports . . . Buses were chartered to Magic Mountain every Saturday during the ski season. Special rates for lessons and for the lifts were given the members of the club. Some of the beginners this year have developed into proficient skiers.

As a climax to activities this season a Moonlight Ski Party was held at Magic Mountain. Members stayed over night in the Presbyterian Cabin. This party was well attended and everyone had a wonderful time . . . At the close of the year letters were awarded to the members having at least fifty hours of skiing to their credit. A number of students received these letters.

PEP CLUB

Second Row: Marjorie Smith, Clarene Webb, Joyce Pettygrove, Diane Emerson.
First Row: Clarice Hadley, Jeanne Mondragon, Nathalie Robertson, Bob Bolton, Mr. Boytt Impson.

A new constitution was written by an elected committee and adopted by members at the beginning of the year. This constitution contains a point system by which membership is governed, the laws for the election of officers, the out-line for business meetings and the specifications of uniforms to be worn . . . The two chief objectives of Pep Club are to be a service club and to maintain a better cheering section. With a membership of 112 these objectives were achieved.

Skits for pep assemblies were presented by the club, buses were chartered to some of the out-of-town games, and the members helped with the Yell Leader Work Shop. Pop was sold by the club at the games and members sponsored an after-game dance. Regular meetings of the club were held Tuesday noons. Pep Club has been very active this year and the cooperation was splendid.

Fine Arts

PALETTE CLUB

Under the sponsorship of Miss Jacqueline Arnold, the Palette Club was organized December 8, 1950, to function as a service club for the school and community. The making of posters and other decorations furnished plenty of hard work. Outdoor sketching trips, special speakers, and the Art Exhibit in April were added features. Anyone interested in art may join, for one main objective of the club is to interest more people in art.

THESPIANS

"Act well your part; there all the honor lies."

Twin Falls Thespian Troupe 256 belongs to the National Dramatic Society of Thespians. Its purpose is to promote standards and create interest in all of the dramatic arts. Under the competent direction of drama coach and sponsor, Miss Phila E. Bishop, the Thespian troupe assisted in the staging of three plays: *"Rest Assured"*, *"Angel Street"* and *"Thanks Honey."*

During the first semester in addition to the plays, the entire troupe attended a speech and drama conference in Pocatello. As a result of this trip, Thespians hope to make the conference an annual project, thus giving Thespians more knowledge and experience in the field of dramatic expression.
